Australia Wide Shipping • Superior Quality • Industry Experts

PESTICIDE

Goods Storage Cabinets

Product Overview

Multifile is a long established and privately owned Australian company whose name is synonymous with the supply of hazardous chemical storage cabinets. We are proud to be fighting hard to keep manufacturing alive in Australia and competing against cheap and inferior imported products. Multifile's range of **Pesticide Goods Storage Cabinets** are all locally made, built in accordance with Australian Standards and come in a range of sizes. A full range of spare parts, including additional shelves and closing mechanisms are available.

Toxic Substance Storage Cabinets

SUITABLE FOR SAFE STORAGE OF pesticide goods as listed as **Class 6.1** substances in the Australian Dangerous Goods code or are a primary risk of another Class or are subsidiary risk of 6.1.

All cabinets comply with **AS4452-1997** as follows:-

1. Each cabinet is marked with the name and address of the manufacturer.
2. The maximum storage capacity.
3. Any other notices or warnings that are required by relevant regulatory authorities with a minimum height of 50mm.

Multifile has the expertise and capabilities to custom manufacture safety cabinets. Contact us to discuss your specific requirements.

PESTICIDE

Goods Storage Cabinets

Key Features & Benefits

Isocyanate free two-pack epoxy coating inside and out, providing a hardwearing finish.

Danger alert sign indicating specific hazardous substances stored in cabinets.

Ventilation port, measuring 55mm in diameter.

Fully welded 150mm deep liquid tight sump capable of containing at least 25% of the maximum storage capacity.

Internal shelf brackets that fully interlock with shelves.

Fully adjustable galvanised shelves, perforated for leakages and to permit free air flow. Easily replaced if damaged.

1.1mm thick double skin wall construction, with 40mm air gap between walls to provide thermal insulation.

Ventilation port, measuring 55mm in diameter.

Continuous piano hinges ensuring smooth closure of door.

Full instructions on usage of the cabinet attached to the inside of the door.

Build in ground connector.

Round corners on door.

Recessed handle with key lock. Two keys supplied.

Self closing door mechanism, sequential self closing on double door cabinets.

Three point self latching door mechanism.
