

Suitable for safe storage of Class 9 Miscellaneous Dangerous Goods

The Multifile Class 9 Miscellaneous Dangerous Goods Cabinet is designed and manufactured in full conformance to AS 4681:2000, Class 9 is particularly relevant for the storage of Lithium Batteries (uncharged)

Specifications

- Constructed of double walled 1.2mm thick galvanised steel
- Fully-welded cabinet (not pop-riveted)
- 2 x sequential self-closing doors fitted with speed adjustable hydraulic closures
- 3 x 1.6mm thick, perforated, galvanised steel shelves
- Continual stainless steel piano-type door hinge
- Overlapping door edging to prevent ingress of heat
- Adjustable shelf heights at 90mm increments
- Built in flash arrestors and vent openings (for mechanical ventilation systems)
- 3 point self-latching door mechanism
- Recessed handle with keyed alike lock with 2 keys
- External static earth connection and 1 x earthing wire
- Solvent resistant yellow baked powder coated finish
- 150mm deep liquid tight sump
- Class 9 diamond and other decals applied
- Supplied with safety gloves
- Adjustable levelers
- Optional additional shelves available
- 10 Year Guarantee

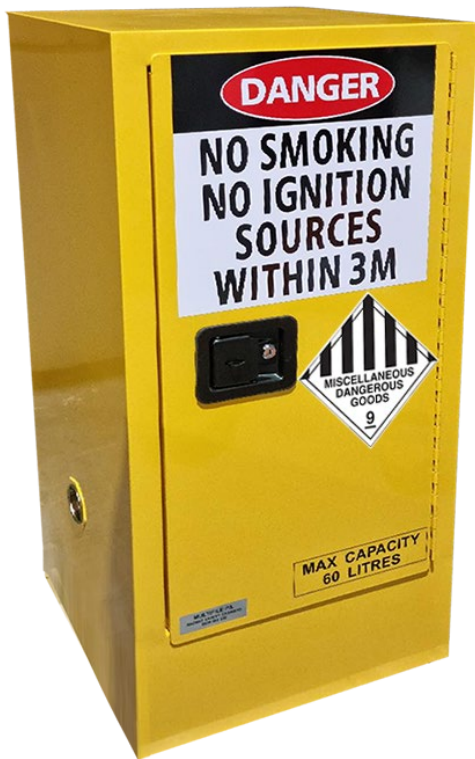

Product Dimensions:

External: 770mm (H) x 515mm (W) x 460mm (D)

Internal: 520mm (H) x 400mm (W) x 360mm (D)

Weight 60kgs
